

## Class 4 Newsletter

September 2017

Dear Parents and Guardians,

Welcome back! I hope you have all had a wonderful summer break. The children have made a great start to the year. They all look very smart and have shown really positive attitudes.

This year will bring us many opportunities to continue to grow and learn. The children will continue to be challenged in order to meet their full potential and be the best that they can be. Expectations will be high but I am sure that all the children are willing to put 100% effort into all that they do in order to meet their individual goals. Reaching these goals can be scary and sometimes frustrating, especially when you get stuck at something. It might even mean that we make mistakes but that's great! I want you to make a lot of mistakes! In order to be successful you need to try something tricky, make mistakes and learn from them. Remember, the worst mistake anyone can make is to be too afraid to make one!

Open wide - let's take a look inside! We're on a voyage of discovery to investigate the busy world inside your body!

Last week saw the start of our new topic, 'Burps, Bottoms and Bile'. We had a very amusing week talking about poo! We thoroughly enjoyed reading *The Story of the Little Mole*, a book about a mole on a quest to find out who had pooped on his head! This story has been a great stimulus for our writing. We have already written a diary in the role of the mole and are now planning our own narrative based on this story. A lot of our topic work will be science based. We have already started to think about the digestive system and finding out about what happens inside this marvellous belching, squelching, mixture-making machine we call our body.

I look forward to working alongside you all again this year.

**Class Teacher**

### **PE**

Our P.E days are **Tuesday** and **Friday**. Please ensure that your child has their full P.E kit on these days.

Earrings must be removed before school on these days. Children with long hair must have it tied back and suitable trainers may be required.

### **Homework**

Homework will be set every Friday. The children can access their homework on the Education City website.

### **Spellings**

Spellings will continue to be given out on a Friday. 5 minutes practice every now and again can really help!

### **Times Tables**

Please continue practicing as much as possible. Be ready for Time Table Ninja every Wednesday! Your child knows which times table they should be working on.
