

Thrybergh Primary School Pupil Premium Policy

The Pupil Premium Grant

The aim of the Pupils Premium Grant is to raise achievement among disadvantaged pupils. The Pupil Premium is allocated to children from low-income families who are currently known to be eligible for;

- Free School Meals,
- Pupils who are looked after or in care
- Pupils whose parents are in the armed services.

How will Pupil Premium Grant be allocated at Thrybergh?

Pupil Premium funding is allocated following a needs analysis which identifies priority classes, groups or individuals. In order to meet the above requirements, Thrybergh Primary School will ensure that provision is made through quality first teaching, additional academic support and social and emotional development which meet the needs of all pupils. Through termly assessments, pupil progress discussions and feedback from pupils and families, pupils will be tracked and provision altered as necessary.

Key aims include:

- Narrowing the gap or those pupils not on track to achieve Level 4 at the end of Key Stage 2 or not on track for making 2 levels progress.
- Providing early intervention and support to improve 'readiness for learning'
- Provide emotional and social support for disadvantaged pupils
- Develop stronger links with parents of disadvantaged children and offer parental support and development
- Improve attendance of pupils eligible for Pupil Premium

Making provision for socially disadvantaged pupils, we recognise that not all pupils who receive free school meals will be socially disadvantaged. We also recognise that not all pupils who are socially disadvantaged are registered or qualify for free school meals. The Senior Leadership Team and Governors reserve the right to allocate the Pupil Premium funding to support any pupil or groups of pupils the school has legitimately identified as being socially disadvantaged.

Reporting

The pupil premium co-ordinator is responsible for producing a termly report for senior leadership and governors consisting of:

- The progress made towards narrowing the gap, by year group, for socially disadvantaged pupils
- An outline of the provision that was made during the term
- An evaluation of the cost effectiveness, in terms of the progress made by the pupils receiving a particular provision, when compared with other forms of support and any alterations to provision for the coming term.

It is for schools to decide how the Pupil Premium is spent. However, measures will be included in the performance tables that will capture the achievement of those deprived pupils covered by the Pupil Premium. The Government also require schools to publish online details of how they have used the premium.

Senior Leadership Team and Governors will ensure that a report on how the Pupil Premium Grant is being used, a break down of all expenditure and evaluations of impact will be available on the school's website. This will be updated on a regular basis.
