

Class Six Newsletter

March 2018

Dear Parents and Guardians,

Well what an interesting week we had last week with the weather. We hope everyone took full advantage of the snow days; building snowmen, sledging, snow balling and all the other things we don't get to do very often! After a couple of hours out in the elements we were glad of a hot chocolate! Anyway, back to work now, and Eagles class really are working very, very hard!

The heart models that have been brought to school this week are stunning. What fabulously creative pupils we have, and we do truly appreciate the help all the adults give to the children, we know creativity takes a lot of time and effort. Generally, we have seen a real improvement in the quality of homework being handed in, so well done everyone and thank you.

Over the last few weeks we have been really studying the heart and circulation in the human body in some detail. The children have made wonderful skeletons and we have been dissecting hearts! Not for the faint-hearted, a few of us needed to take deep breaths and have fresh air - but what we found out was astounding: those blood vessels are awesome.

PE - is still on **Tuesday** and **Wednesday** afternoons. However, it is better to leave kit in school for the week as suitable footwear is needed to do our daily mile. Just remember you need your KIT!

Remember Homework - Homework is given on **separate days**. **Maths** homework will be given on **Friday** to be handed in the following **Thursday**. Reading & literacy homework will be given on **Wednesdays** to be handed in the following **Monday**.

Punctuality - A polite reminder to everyone - School starts at **8:50am** and we work every minute of the day, so everyone needs to be here on time.

Y6 SATS

Literacy Booster - 7:45am Wednesdays
with Miss Pearson

Numeracy Booster - 7:45 Thursdays with
Mrs. Britton

Don't forget its jam and chocolate spread!
