

## SEND Action Plan (Students affected by COVID-19)

All students identified as SEND are entitled to an enhanced provision to ensure they are not disadvantaged in anyway regarding their learning, mental health or wellbeing.

In the result of self-isolation, bubble closure or partial school closure all students are entitled to high quality remoted education. Teaching should continue to follow the same principles as set out in the WPT code of conduct. We will ensure any use of online learning tools and systems is in line with privacy and data protection/GDPR requirements. Below are some things staff are asked to consider when delivering virtual lessons, especially where webcams are involved:

- No 1:1s, groups only
- Staff and children must wear suitable clothing, as should anyone else in the household
- Any computers used should be in appropriate areas, for example, not in bedrooms; and the background should be blurred
- The live class should be recorded so that if any issues were to arise, the video can be reviewed
- Live classes should be kept to a reasonable length of time, or the streaming may prevent the family 'getting on' with their day
- Language must be professional and appropriate, including any family members in the background
